

# Customer

The Customer document identifies individual customers and provides their tax information, contact name, and address information. After determining that the customer doesn't already exist, a new Customer document is created by clicking on the 'Create New' button on the upper right corner of the Customer lookup page.

## Document Layout

The Customer document includes **General Information**, **Corporate Information**, **Contact Information**, **Addresses** and **Collections** tab.

## General Information Tab

### General Information tab field definitions

Title	Description
Active Indicator	Indicates whether this customer code is active or inactive. Remove the check mark to deactivate this customer code. After inactive, a customer may not have any further invoices issued to them; however, payments will continue to be accepted.

# IU KFS AR MODULE 7.0 DOCUMENTATION

Customer Name	Required. The textual name that commonly references or represents the customer organization. See ‘Business rules for Creating New Customers’ document.
Customer Number	Display only. A unique number assigned to identify each vendor/organization as a customer.
Customer Record Add Date	Display only. The date this Customer record was added to the data base.
Customer Type	Required. The grouping for the desired type of customer (Individual, private business, etc.). Existing customer types may be retrieved from the list or from the <b>lookup</b> .
Invoice Template	<p>Optional: The invoice template that will be used when invoices are generated for this customer. Existing templates may be retrieved from the list or from the <b>lookup</b>.</p> <p> Invoice Templates can be restricted by chart and organization.</p> <p> This field will only display if Contracts and Grants Billing is turned on.</p>
Last Activity Date	Display only. The most recent date on which any part of the Customer record was changed.
Last Address Change Date	Display only. The date this customer's address was last changed.

**Corporate Information Tab – Due to IU’s Critical Data Policy DM-01, we do not want this section completed in the customer record.**
